### **UAMS COVID-19 Testing RESCHEDULED; Sept. 2 Drive-Up Testing in El Dorado Postponed from Aug. 27**

## **From UAMS:**

Aug. 25, 2020 | LITTLE ROCK – Drive-up testing for COVID-19 will be held from 10 a.m. – 2 p.m., Sept. 2 at Medical Center of South Arkansas, 700 West Grove St. in El Dorado. Because of weather forecasts predicting that rainstorms will likely affect the area on Aug. 27, the testing drive-up has been rescheduled to Sept. 2. There will be no out-of-pocket cost for testing. Up to 200 community members will be tested.

The testing will be conducted by the University of Arkansas for Medical Sciences (UAMS) in cooperation with Medical Center of South Arkansas, the Department of Veterans Affairs and the Blue and You Foundation.

You do not have to be a UAMS patient to be seen. This testing is for everyone who feels they need testing. Patients will get instructions on how to take care of themselves and their family at home. Test results will be returned either through an online patient portal, letter or phone call.

Even if you don't have any symptoms, wash your hands regularly and practice social distancing by staying at least 6 feet away from other people not in your household, and wear a mask in public. An online screening tool is available at [uamshealth.com/healthnow](https://uamshealth.com/healthnow). Phone screening is available through the UAMS Health hotline at 800-632-4502.
