On Tuesday, the House Education Committee advanced HB1151 which suspends the public school rating system for the 2020-2021 school year due to the continuing disruption to education caused by the ongoing pandemic.

The committee also advanced HB1009 which allows a public school or an open-enrollment public charter school to distribute excess food to students for consumption on the school campus or at home.

The House passed HB1027 which allows self-storage companies to advertise sales in a commercially reasonable manner. Currently, such advertising of sales is limited to newspapers.
