Update from Members in Vilonia and Mayflower

Members who represent the areas of our state devastated by last night's storm say they have received an enormous outpouring of support from individuals and surrounding communities with offers to help with relief efforts.

Rep. Douglas House represents Mayflower and the southern portion of Vilonia. He says church groups and individuals who want to help need to first call the Faulkner Co. Sheriff's office for clearance.

Tarps, chainsaws, and work gloves are needed. [Click here for Rep. House's contact information.](#)

Rep. Stephen Meeks represents the city of Vilonia. He will be meeting with volunteers soon, but asks that first responders be allowed to get a good start on search and rescue efforts this morning. [Click here for Rep. Meeks' contact information.](#)

The House will post additional information from our representatives as it becomes available.
