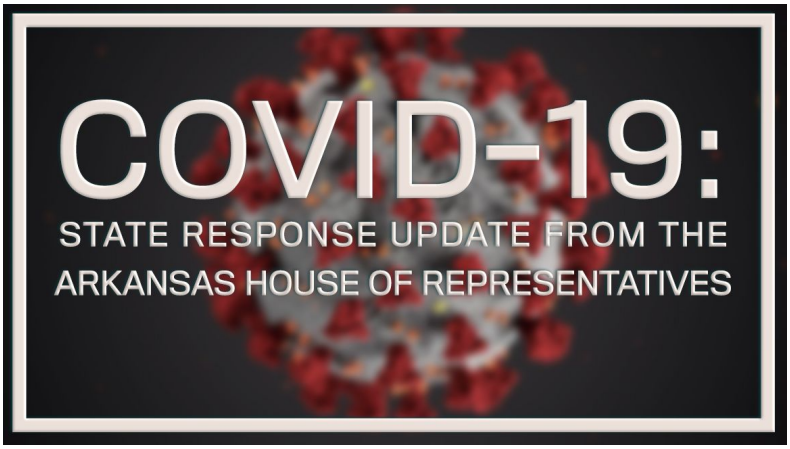
Covid-19 Response Update for April 10, 2020



· The Governor said he and Health Secretary Dr. Nate Smith discussed the state's targeted response approach with National Institute of Allergy and Infectious Diseases Director Dr. Anthony S. Fauci. Dr. Fauci is said to have approved of the measures being taken.

· The number of new cases each day this week has remained in the 70s.

·Arkansans who filed unemployment claims before March 28 should have received compensation including $600 additional federal funds. Those who filed before April 4 should receive payment this Monday.

· The Governor reminded Arkansans on this Easter weekend the importance of continuing social distancing and limiting social gatherings to less than 10 people.
